2.	AMIT GPS & NAVIGATION LLP.	On calculating the cost of the project, we have reached a round figure of Rs. 50cr to make and maintain this project for 5 years. The above cost excludes the satellite tracking permission (which is given to only Govt. departments), land, two room accommodation for backend infra & security of the equipment. We are keen to participate in this requirement and will start the procedure if you can give us a confirmation of having minimum 50cr INR budget for this project. Just to mention, we are ready to do the POC in case we both agree to move ahead on this project as per suggested cost.	Proposal will be evaluated as per clause 22.3 of RFP
